It includes fields for '姓名' (Name), '学号' (Student ID), '部门' (Department), '申请别名' (Apply Alias), '审核状态' (Review Status) which shows '审核通过' (Review Passed), and '初始密码' (Initial Password) which is '6pSVOD'. A note at the bottom states: '密码无须设置, 提示为“首次登录通过忘记密码功能重置密码后使用”。用户别名后台统一转为小写后入库。' (No password is required; the prompt is 'Reset password after first login through forgot password function'. User aliases are uniformly converted to lowercase in the background system.) The right screenshot shows the '邮箱账号登录' (Mailbox Account Login) screen. It has input fields for '用户名、学号、工号或别名' (Username, Student ID, Employee ID, or Alias) and '@' followed by 'mail.swufe.edu.cn'. There is a '密码' (Password) field, a '记住用户名' (Remember Username) checkbox, and an 'SSL 安全登录' (SSL Secure Login) checkbox. A large '登录' (Login) button is present. Below the login button are links for '账号激活' (Account Activation) and '忘记密码?' (Forgot Password?). At the bottom, there is a section for '其他登录方式' (Other Login Methods) with icons for WeChat and QQ.
